Fountain Of Youth

Do you think the **Fountain Of Youth** is just a fantasy? Then ask the thousands of people who have completed the **7-Day Miracle Cleanse**. Most people who have completed the cleanse report the following results:

(800) 481-3991 • **Weight loss.** 8-15 lbs. from the chin, hips, thighs and abdominal area. The record is 41 lbs. in 7 days and 128 lbs. in 4 months.

**Mon-Fri
7AM-7PM PST** • **Younger appearance.** Wrinkles and lines fade or disappear from facial skin, creating an appearance that looks 10-20 years younger.

- **Softer skin.** Skin becomes softer, the complexion clears up.
- **Release natural energy.** Once toxins and poisons are released from the body; it is

then possible for the body to release its natural energy.

- **Elimination of constipation.** Removing the old mucous plaque and the undigested residues that are accumulated from eating indigestible foods over one's life time allows the colon to function properly. The Cleanse is helpful to alleviate IBS, Colitis, Spastic colon, and other colon dysfunctions.

- **Heal sickness and disease.** After eliminating toxins, residues and mucous plaque from the digestive organs, the human body can then draw the foreign matter from the other channels of the systems. All healing should start by first cleaning the digestive tract of mucous plaque, the source of most sickness and disease.

- **Longer life span.** The great pioneers of nutrition and wellness, Dr Norman W. Walker (130 years), V.E. Irons (100 years) and Dr. Bernard Jensen (who is 100 years old) were and are supreme examples that cleansing the bowels and eating fresh foods are the key to a long, healthy life.

- **Elimination of parasites including worms.**
